**RENAMING THE  
ANDAMANS  
AFTER NETAJI**

**A Great Insult,  
Says Sarat Bose**

LONDON, Dec. 20.—"I consider it a great insult to Netaji's name to name those two small islands after him—'islands' which gained notoriety during the British imperialist regime," said Mr. Sarat Chandra Bose, brother of Netaji Subhas Chandra Bose, in an interview with the United Press of India when his attention was drawn to the Indian press reports that the Government of India was in favour of renaming the Andaman Islands after Netaji Subhas Bose, as disclosed by Mr. B. C. Roy, West Bengal Premier, on Dec. 15.—U.P.I.

**SRI SARAT CH. BOSE  
Addresses Meetings In  
London**

From Our London Representative  
JAN 2.—Sri Sarat Bose, a prominent and active member of Subhas Society of Europe, London Indian Students Majlis and Indo-Pakistan Unity Front, left London by air on Dec. 31 and will reach Calcutta on Jan. 3. Sri Sarat Chandra Bose wished him an "en route" and his student and journalist friends gave him a hearty send-off.

After his successful results in the Bar examinations, Sri Bose obtained practical experience for several months in a leading West country newspaper office in Bristol, especially in administrative, editorial and legal departments.

Sri Sarat Chandra Bose, who is at present here, addressed a public meeting yesterday called by Swaraj House, London on a "Dominion Status versus Independence." Today he will speak at the Indian Workers' Association on the same issue.

Tomorrow, the Indian Journalists' Association is giving a luncheon party in his honour when several progressive Englishmen and foreign journalists will also be present.

His scheme for the formation of a "United Nations of South Asia" has been given some publicity here and has been the subject of a certain amount of discussion.

Indian students have given a great welcome to Sri Bose who has addressed two of their meetings in London.

**SARAT BOSE'S PLEA FOR  
LEFTIST UNITY**

**Desire To Measure Strength  
With Govt.**

LONDON, JAN. 3.—Mr. Sarat Chandra Bose told a conference of British and foreign journalists tonight: "We should like all the leftist political organisations in India to combine so that the strength of the Opposition can properly be measured against the present Government."

"We founded the Socialist Republican Party because we were not satisfied with the activities of the other Socialist groups. We want Socialism and we want a Republic."

"Questioned about the strength of his new party, Mr. Bose said he had been away from India for three months, but when he left, his membership in Calcutta alone was 25,000.

Asked about his attitude towards Communism, he answered: "We have not so far had any discussions with them. There is still a deep suspicion in the Indian mind that Communists do not think independently and take their orders from elsewhere."

He leaves tomorrow for Paris, Geneva and Rome, flying home from Italy with his wife and two daughters in time to reach Calcutta by about January 15.—Reuter.

## INDIA MUST COME OUT OF COMMONWEALTH

### Sj Sarat Bose Urges Federation Of United Nations Of South Asia

LONDON, Dec. 29.—"India must come out of the Commonwealth and be a completely independent republic to play her full part in Asia," emphasised Mr. Sarat Chandra Bose, at a press conference in London.

Mr. Bose expressed the view that India should take immediate steps to organise a federation of united nations of South Asia which alone, he stressed, could resist the machinations of western imperialists in Asia.

Referring to the recent Commonwealth Premiers' Conference held at London, he stated that the whole object of the conference was to get India to remain within the Commonwealth, and expressed surprise that the Indian Prime Minister, Pandit Nehru, should have participated in the conference, particularly in discussions relating to the Western Union and empire defence which should be of no concern to India.

He also observed "Irish political circles are feeling surprised at India's attitude at the conference."

Dealing with the situation in Bengal, arising out of the large-scale migration of Hindus from East Bengal, Mr. Bose largely put the blame on the leaders, the before partition, maintained that West Bengal should be homeland for Bengal Hindus. In his connection, he also referred to his scheme of independent United Bengal, which alone, he maintained, would have prevented such even Mr. Jinnah, taking into consideration of all the special circumstances in Bengal, was in agreement with him on the idea of an independent United Bengal.

Mr. Bose characterised the partition of India as "a British imperialist device to retain its hold permanently over both India and Pakistan and its control over the Indian Ocean." He referred to Lord Mountbatten as "the cleverest British imperialist that ever came to India."

Expressing concern over the general situation in India, he pressed the need of unity among the Leftist Parties in the country. He said that there were chances of such Left unity without the Communists and on his return to India, he would make an earnest endeavour in this direction.

# MORAL SUPPORT NOT ENOUGH

## INDIA GOVT. CAUGHT UNPREPARED

### Sarat Bose On Dutch Aggression

## IMMEDIATE FORMATION OF U. N. S. A. URGED

LONDON, Dec. 27.  
"We have been caught unprepared, and all that the Government of India has been offering to Indonesia is its moral support", said Mr. Sarat Chandra Bose in an interview to the U.P.I. when referring to the Netherland's latest manoeuvre in Indonesia.

Dec  
29/12

"I support the premier of Burma's appeal that nations of South Asia must meet without delay and arrive at a common policy of action. If the five nations India, Pakistan, Nepal, Burma and Ceylon combine and take strong action in commercial and military spheres, the Netherlands Government will realise that they cannot go the way they are going," continued Mr. Bose.

"What is happening in Indonesia today was apprehended by me in January last year", he added.

"Speaking on the occasion of the Burmese Independence Day in Calcutta", he continued, "I advocated the immediate formation of an organization to be known as United Nations of South Asia (U.N.S.A.) with

India, Pakistan, Nepal, Burma and Ceylon as foundation members. I appealed to the governments of the five countries to take up the matter without delay, and in fact I said that otherwise we shall not be able to defeat machinations of western imperialist powers. If during these twelve months, the five government had started the organisation on the lines indicated by me, the Netherlands Government would have been afraid to strike now. But we have been caught unprepared, and all that the Government of India has been offering to the people of Indonesia is its moral support."—U.P.I.

What about the Chanchal probate case? Has anyone  
approached you?

Please tell M. N. Ghose that in spite of best  
efforts I have not been able to find his  
brother Sudhir. No one in Geneva knows anything

anything about him. One gentleman said he  
was possibly at Paris, but I cannot trace him here.  
We shall be in Calcutta latest by the middle

Dear Comrade

At long last after writing  
various publishers and booksellers —  
without success. I have obtained from  
Kumar's of Calcutta, the two books,  
"autobiography" and "The Indian struggle"  
by Sabhas Chandra Bose. I have so  
many conflicting accounts of what  
has become of him, but none with  
any definite evidence to support their  
statements. An Indian gentleman,  
Rev. Nirmalananda, who had just  
arrived from India called on me on  
the 25th of July. In the course of a  
lengthy and very interesting conversation  
it cheered me up considerably to hear  
his opinion. ~~He~~ Sabhas is still alive  
and will return to his beloved India

in his own good time. Very  
disturbing news has reached me  
during the last 2 or 3 months of the  
serious state of affairs in India.  
Wholesale arrests, police attack on  
demonstrations with lathis and  
fire arms.

I wrote to Mr. Raj Khermar about  
it but in his reply he was  
singularly silent, but he informed  
me that the last time he heard  
about you that you were well and  
running a daily paper The Nation.

I wish it every success and hope  
it does its part to frustrate the  
scheming of the Anglo-American  
bloc to draw the Asiatics from  
falling into its clutches.

In your last letter to  
me (10th April) you mentioned sending  
me two speeches which have not  
arrived. Evidently there is a censorship  
in India. In conclusion, I hope you  
keep in good health to ~~be~~ carry on  
the work.

With best wishes and kind regards,  
Jai Hind.

yours fraternally

Dear Mr. Bose,

I have been very much  
glad to receive your communication.  
This is a loss to me, but not  
entirely to the "Nation" that  
Correspondent-ship has gone already  
to some-one else.

201  
Anyway, I remain deeply obliged that you have kept my case within the Province of your consideration for any other vacancy which may occur.

Incidentally I may mention that I have also been enrolled as a Contributor in the 'Student Column' of 'Patriot' of Bombay.

I await your further instruction if there is any.

With greatest respects, to you,

I remain,

yours sincerely,

Sd. Sugata Das Gupta.

My dear Sarat Bose,

Muschelerstrasse 24,  
Zurich  
Switzerland.  
7th Sept, 1948.

I have your kind letter of 19th August.  
By name, you are likely to have received my  
previous letter.

It is nice of you to have thought of me  
as a Correspondent to the new Paper and I  
felt happy indeed over your reference to my  
work for "Forward" and "Liberty". On my part,  
I should have greatly welcomed working as a  
Correspondent. But as it happens, I am at  
Present not in a position to take a journalistic  
engagement.

If I have not suggested a person who  
could serve as a Correspondent for the while,  
it is because I have not found a suitable  
person. It may be, that I find one who  
can take up the position temporarily, and in  
this case I shall let you know without undue  
delay.

I hope The Paper which you intend to  
start will prove to be a very useful one and  
will render good service for the advancement  
of our Country and People.

Dear Sir,

The Literary Society of Sirajganj College has  
resolved to present a Commemoration volume  
to the great leader of the Indian National Movement,  
the creator of the Sovereign State of Pakistan  
and its Governor General, on his coming  
Birthdays, as the Society feels that his  
has been a singular achievement of  
which no parallel is to be found in  
the World History.

May I take the liberty to request you on behalf of the Society to kindly send us a few lines about Mr. Jinnah with whom you may have had personal contact. A few words by you on 'Jinnah as I know him', will be much appreciated by the reading public if incorporated in the volume. Further, it will be worth if you kindly send it as a signed article with your usual signature which will be printed in facsimile.

The volume will be presented on the Birth day of the Qaid-e-Azam which comes off on the 25th December, 1948.

We shall be very grateful to you if you kindly help our literary Society by sending us the contribution by the fourth week of September, 1948 so that we may be able to send it for printing at an early date.

Judiciary and administrative machinery of  
Baluchistan at Loggerheads?  
(From one Correspondent)

Karachi, September 2 — According to a report  
published in the semi official organ "Dawn"  
all is not well with the Judiciary and Ad-  
ministrative machinery of Baluchistan.

The Judicial Commissioner, Quetta recently  
summoned the agent to the Governor General  
and Chief Commissioner of Baluchistan Mr. Sardar  
on a charge of Contempt of Court. The notice  
asked the A.G.G. to show cause why action  
should not be taken against him for the alleged  
interference with the course of justice.

The A.G.G. presented himself personally  
in the Court to prove his blamelessness. Soon  
after, similar summonses were issued against  
the Personal Assistant of the A.G.G. for having taken  
down the statement of the A.G.G. which he made  
in the Court without obtaining the Court's  
permission.

These incidents have naturally provoked  
a sort of sensation and are the talk of  
the town giving rise to various rumours.

Karachi, September 2.

Learnt Pakistan will soon be taking retaliatory measures against India Government's permit system by introducing similar system for non-residents arriving from India into Pakistan. For this permit system will mainly be, aimed at Eastern Pakistan while India's orders do not effect that part Dominion. It is understood Pakistan's permit system will come into force from mid-September and its High Commissioners offices in Delhi Calcutta only will be authorised issue such permits. (Item) loss amounting about forty lakhs been sustained by Pakistan on account of dispute with Jodhpur Government in connection handing over Sind section Jodhpur Railway to Pakistan.

Para alleged Jodhpur has withheld payment  
 twenty eight lakhs being income since partition  
 of this portion Jodhpur Railway while another ten  
 lakhs Pakistan deposited into Imperial Bank  
 for owing Jodhpur Government as part payment  
 for rolling stock which remains undelivered  
 still para all efforts resolve deadlock and  
 thereby resume direct train service between  
 two Dominions haven't borne any fruit yet  
 yet (if any) though new cotton season  
 has already set in since yesterday Pakistan  
 hasn't yet announced its policy with regard  
 permitting exports para this has naturally  
 created apprehensions among dealers and  
 resulted market going downwards so  
 much so that raw crop cottons have re-  
 gistered fall about 15 to 20 Rupees  
 per ounce during August para to-day  
 exports cotton are totally stopped and  
 therefore Pakistan Cotton Association new  
 organisation among dealers has appealed  
 authorities extend period by one month  
 for these exports all cottons in order stocks  
 in hands its members are purchased  
 by exporters para before expiry 31 August  
 large quantities cotton were exported  
 foreign countries principal buyers being  
 Russia & China stop this has resulted  
 very small stocks being left in Karachi  
 now which are estimated by only  
 20000 bales valued eighty lakhs as  
 against over three lakh bales valued ten  
 crores same period last year. Sd. R. K. G.

Number of Buildings of Hindus  
declared "Abandoned Property"  
(From our correspondent)

Karachi, September 3. - Latest issue of the  
"Gazette of Pakistan" contains some  
29 notices by the Deputy Rehabilitation  
officer, Pakistan, who has declared as  
"abandoned properties" a number of  
buildings and open plots in the  
city of Karachi. All these buildings  
or plots are owned by Hindus who,  
if has been mentioned in the  
notices, have abandoned these properties  
and therefore they have been notified  
that unless they come and prove

21  
their claim within 10 days, possession of their properties will be taken over by the government. It is interesting to note that amongst this list are such buildings also, the owner of which still continue to live in Karachi.

Difference of opinion between  
Sindhi and Non-Sindhi League  
workers. (From our correspondent)

Karachi, September 3. - With the approach of the new elections to the Sindhi Provincial Muslim League, much activity seems to be visible in League circles. At the same time wide difference of opinion between Sindhis and Non-Sindhis seem to be evident as the new comers to the Pakistan Capital desire capturing power while the old local league bosses are trying to hold it for themselves. At a meeting of League workers held yesterday under the Presidentship of Mr. Yousuf Abullah Haroon majority of those present demanded that the new elections be postponed for some time to enable evanescent League workers together their strength.

by enrolling as many members  
as possible. In this connection  
they (mostly workers from Bombay)  
pleaded that the membership  
of 15,000 out of the Karachi  
population of over seven lakhs  
was too small and <sup>does</sup> need apprecia-  
ble increment.

Mrs. Yusuf Staroon, who is organised  
for the Sind League, refused to  
accede to this request and appoint-  
ed a small committee to divide  
the city into 11 wards for the  
safe conduct of the elections.

The disgruntled workers, therefore,  
sent wires to Chaudhary Khaligh-  
Zaman, the organiser of all  
Pakistan League, to come down  
to Karachi immediately to intervene  
in the matter before the gulf  
between local and outside  
workers widens and  
before it is too late.

My dear Sri Sarat Chandra Bose,

Many sincere thanks for your kind  
letter of 23rd instant. It has given Seth Chhabil  
Dass and me immense delight and learn  
that you have so very kindly accepted my  
request. I am under a deep debt of gratitude  
for having acceded to my request. Your  
association with the Company is a guarantee  
of its success and Seth Sahib and I very  
gratefully appreciate your having agreed  
to accept the chairmanship of the Co.

I fully appreciate the difficulty that  
you have mentioned in your letter regarding  
your being far away from this place. We  
shall fully avail of your guidance and  
advice and it is for us to provide fullest  
facilities to you to remain in closest touch  
with the affairs of the Co.

Now since it is our earnest desire to  
open a big office in Calcutta which will be  
directly under your control. I need not  
say that it is the intention of Seth Sahib and  
me that we will adequately remunerate  
you for all the trouble you will take to  
further the interests of the Co.

P.T.O.

200  
Now there is only one trouble in one way  
viz to secure the consent of the Government of  
India to issue a Capital of 50 lacs. Sir  
K. C. Neogy is in charge of Finance depart-  
ment. If it be possible for you to write or speak  
to him to give this consent with least possible  
delay it shall be a great favour to me. Here  
in the East Punjab the Cabinet is awfully cor-  
rupt inefficient and insincere. The Congress  
on its being in power has given a very poor  
account of itself specially in one province.  
Things have gone from bad to worse  
and the situation is grave and full of  
poil.

I sent an express telegram on  
25<sup>th</sup> the contents of which are as  
follows:—

"Heartiest thanks for your accepting  
chairmanship".  
With the best of regards and thanks  
— once again.

Yours faithfully,

Dear Mr. Bose,

I am going to send to you an effective programme of a political campaign on correct lines first from Calcutta and then from all over India - the only way of reaching our cherished goal of United Bengal and United India after finishing Pakistan, Hindustan and Jinnah-League in India. Now conflict and confusion of so many organisations of our Indian and Pakistan Muslims should be cleared and removed by an organised, scientific movement, i.e. a movement on correct issues backed and supported by proper Muslim organisation vis-à-vis Jinnah-League and Pakistan starting a frontal battle for ending Pakistan, Hindustan and leadership therein of Mr. Jinnah, changing the whole atmosphere, thereby producing a favourable reaction upon our Muslims so that cent per cent Pakistan and Indian Muslims will rally under our banner of the real, Islamic League and the real, Islamic, Socialist Pakistan of Rasul and replace the unreal, anti-Islamic League and the unreal, Anti-Islamic capitalist Pakistan of Mr. Jinnah. We will convert this movement into our next general election campaign under Indian Union Constitution and Pakistan Constitution and bring about sweeping victory and thereby attain our goal of United Bengal and United India. We will start ceaseless tearing campaign from two fronts, namely, not only from 1st front of Pakistan, League and Leadership therein of Mr. Jinnah but also from second front of Bengalee national movement with the slogan "Bengal for Bengalees". Our present campaign is a campaign of truth and religion of the Holy Quran and the Holy Prophet against the untruth and irreligion of Mr. Jinnah. Our movement for Socialist Pakistan of children of the soils, i.e. Bengaleestan in Bengal such as sanctioned by the Holy Quran and the Holy Prophet is just the same as your Movement of Socialist Republican Party. Hence we will carry on double engines of propaganda - one engine by you and another by my humble self. Here I have given you only a synopsis, a bir

(P:T.C)

bird's eye view of our programme. You will kindly first give me a patient hearing, think deeply and be convinced of our success. After this being done, I will give you our correct, effective plan, otherwise it will be waste of labour for me and for you too.

I think no Muslim son in Bengal and even in India has yet approached you with a proposal of a consistent, and continuing political campaign for rapid downfall of Pakistan, League and Leadership therein of Mr. Jinnah.

I, therefore, pray that you will kindly treat this letter as very urgent and of great importance and fix time on Sunday or any other day of the week after 6 P.M. and inform me of the same at an early date by dropping a few lines in the address given above

— o —  
Dear Mr. Bose

112  
66  
Thank you for your airmail letters of August 19th  
and 20th. In view of your cable to my husband, it seems to me  
quite possible that you may now receive newsletters from both  
my husband and myself, pending the regular ones from our  
daughter. I have therefore cabled you to let you know  
that mine is coming. If you do get both, you might perhaps  
be able to use his one week and mine the next or vice versa  
putting them both under my daughter's name if this suits  
you best. She could then come in herself for the third  
issue. I shall look forward to an airmail letter  
from you with directions about this.

As you will know by now, my daughter  
told me on the telephone that she is quite  
prepared to undertake the work. The fact that she is  
an Oxford undergraduate and a Scholar of Somerville  
College will be an advantage rather than otherwise, as  
she is reading Modern Greats (Politics, Philosophy  
and Economics) and will be constantly studying  
political trends. She won her Scholarship in History.

P.T.O.

116  
Her full name is Shirley Vivian Brittain Catlin, and the best address to use is our own owing to the length of the Oxford vacations. I can revise her first two or three letters ~~and myself~~ pending my husband's return, but I think you will find that she is quite capable of doing the job. Though I am not the person who should say it, she really is quite brilliant young girl, but I do not want you to have any anxiety. Before she was eighteen she was sent by the Labour Party as one of only two delegates (the other being a young man, and considerably older) to the first post-war International Youth Congress at Hof in Bavaria, where she made a speech which was talked about all over Germany. In September she is going with my husband as his Secretary to the International Conference at the Hague, which she will be able to report for you. Ever since she was quite a child several members of the present Government have been interested in her, including Herbert Morrison and Arthur Creech Jones, who is an old friend of ours. She hopes to stand for Parliament soon after leaving college, and I think that there is little doubt that she will be given the opportunity. She writes quite well and has already contributed to the Daily Herald. My husband and I feel justified in being rather proud of her.

She will send a letter for your issue of September 8th unless you let me know that you do not want it till the following week.

Yours sincerely

My dear Sir,

I acknowledge with thanks receipt of  
your letter of Aug 16. I delayed replying in  
anticipation of official orders from the Managing  
Directors, Mr. J. N. Ghose, but haven't received  
any so far.

As for the honorarium, the figure  
you mention is alright. As I have already  
written, I welcome more than anything,  
this opportunity of coming closer to you again.  
I shall of course see that there is no deflec-  
tion of news items, though a "lead"  
for important items, acknowledged to the  
correspondence, will add to the prestige of  
the institution.

Hoping this finds you all in the  
best of health and with sincerest regards,

Yours Sincerely,  
Sd. K. Srinivasan

Dear Sir,

Jai Hind, probably you have forgotten  
me by now. I worked for the Forward Bloc  
and met you at Cuttack station after your release  
on your way to Cal. I had been to Cal, along  
with <sup>Shri. Bhawan Das</sup> Pandit- Jayee at Dec 1945 in the day  
of your daughter's marriage ceremony. I am  
well-known to Sri Aravindo Bose and Sri  
Dwijen Bose.

Besides my political affiliations, I have  
worked as a journalist. During my student  
days I was the Editor-in-Chief of "Urmil"  
P.T.

109  
73  
the Kesendu College Hostel magazine and  
Chitra - Sakhi, the fortnightly organ of the  
All-India Students Federation; I have worked  
as the Orissa correspondent of Hindustan  
Standard and 'Abhyudaya' weekly, Allahabad,  
as the assistant Editor of Observer, English  
weekly and 'Naba Bharat' an Orissa daily.

Besides I have written a number of books in  
Orissa on political subjects and otherwise.  
At present I am in the Editorial staff of  
Daily Samaj.

In view of my above experiences, I  
would request you to appoint me as the  
Orissa correspondent of your projected English  
daily, on any remuneration that you decide  
upon and oblige.

Hope to learn from you soon.

Thanking you,

Faithfully,

My dear brother,

I have got your letter of the 15th inst.  
on my return from Santal. I expect to return  
to Calcutta by the middle of September and so I  
hope to meet you before you start for Europe.

I understand from Parimal that Sita  
has been operated upon and that she is doing  
well. I believe she will come home soon.

I may have to seek your advice in  
a matter of some political importance and  
having some legal consequences too.

I hope you are all doing well.  
All well here.

My dear Shriyut-Sarat Chandra Bose.

I thank you for your letter of 5<sup>th</sup> instant. I am indeed very much disappointed by your not accepting my request. I have been authorised by Seth Chhabil Dass to say that you will

not be incurring any financial liability. We will either have you as an extraordinary director or we will give you fully paid up Qualification Shares for a directorship.

You know my feelings of admiration and adoration for you and Shriyat Subhas ji and I am further glad to say that Seth Chhabil Dass holds you in very high esteem and is very keen to have you as a Chairman of his Company. By your accepting this offer you will be doing me a favour, obliging Seth Chhabildas and provide food for thousands of your countrymen.

The present concern is worth 20 lacs and the idea is to expand it to the fullest possible extent.

S. Sardul Singh Cawchar has accepted my request to be a director of the Co. and I have asked him to persuade you to agree to be the Chairman. I hope he has done the needful. I shall request you to review your decision and accept the offer. It entails no financial obligation. It demands no investment. You will be head of this institution and direct its general policy. I am confident that you

EXTRACT FROM SECRET ABSTRACT OF INTELLIGENCE dated

Under the auspices of the Karnatak Provincial Constructive Workers' Committee, a Conference of 300 workers and 200 persons was held at Hubli (Dharwar), under the presidency of Mr. Dharendra Mijundar of Bengal on 27th and 28th June. Mr. Mijundar pointed out that while quitting India the British had sown the seeds of discord, jealousy and command hatred for which Mahatmaji had to sacrifice his life. He held that real independence would be established only when every villager was happy and was given scope to think, express and act freely. He asserted that the British capitalists were being supported by the Indian capitalists, who, he said, were wielding considerable influence over the Congressmen and that the latter were dominating the present administration. He observed that the seven lacs of villages should get on with constructive work in order to get rid of the exploitation of the capitalists. He appealed to the youths to come forward and undertake this scheme and form a society of rich and poor with equal status.

A resolution affirming faith in the constructive work called out by Mahatmaji and appealing to the workers to co-operate in creating "Ram Rajya" as envisaged by Mahatmaji was adopted. A committee of five persons was also formed to implement the resolution.

Under the auspices of the Narmatak Provincial Hindi Pracharak Sabha, Mr. Mijundar addressed a meeting (500) on June 28th, when he advocated the "Wardha Education Scheme" and appealed to the audience to implement the same and to also form a classless society.

Mr. Sarat Chandra Bose (para 955 of 1946) addressed a meeting of the Progressive Groups at Bombay on 3rd July, when he criticised the policy of the Indian Government in accepting the advice of Lord Mountbatten and in referring the Kashmir problem to the U.N.O. He also criticised the Government for enacting laws which were more drastic than the laws under British rule. He reviewed the international situation and predicted a third world war, and called upon the Government to prepare itself for this calamity by imparting military training to all youths. He also emphasised the need for nationalisation of key industries. On the question of "Hyderabad" asked, "What are we waiting for" and said that we would suffer more if immediate action was not taken.

previous Revenue History of the Godpura  
permanently settled estates.

A. — Changes of Jurisdiction.

Before the British obtained possession of  
the Dewani in Bengal in 1765, the Raimondy  
estates of Godpura were under the control of the  
Mughals, but the administration system -  
which was left in the hands of the local  
Chieftains who paid a nominal tribute  
only to the Mughal Emperor. When the  
British acquired the Dewani, this tribute  
was accepted as Land Revenue, no settlement  
in detail was made at the decennial  
settlement and the permanent settlement  
of 1793 practically fixed the old assessment  
in perpetuity. The present Raimondy  
of Godpura are the descendants and

and representatives of these chieftains  
and still hold their estates under a mere  
peppercorn revenue though they have long  
ceased to perform the duties of "Lords  
of the Marches" which was the original  
jurisdiction for the lowland? of this tribute  
and revenue, these chieftains in the  
old days kept order in their frontier  
by means of considerable bodies of paiks  
which constituted a sort of territorial -  
militia, and it is noteworthy that many  
of the present old established tenants of  
these estates, who are the lineal descendants  
of these paiks, claim that they have as  
great a right to continue to hold their  
holdings at the original low rate of rents  
in consideration of their ancestors services  
as the Zamindars have to continue to  
pay the merely nominal revenue which  
was originally imposed on them for -  
services which were mainly rendered.

From 1768 to 1822 these estates formed  
part of the district of Raigbari, by  
regulation X of 1822 these estates which  
comprised the old Thanas of Goalpara,  
Dhubri and Karailbari were separated

of the general Regulations and subjected  
to a special system of government -  
along with the Garo Hills. Mr David  
Scott being the first civil Commissioner.  
After the cession by the Burmese to the  
East India Company of Assam proper  
in 1826, the Goalpara District (comprising  
the above estates) was annexed to the  
new province, and for the revenue  
purposes, was, until the Assam Land  
Revenue Regulation was passed in  
1886, administered according to the  
spirit of the Bengal Regulations.

By the Poonkhar war, the evolution  
Doors, including the Bijni and  
Sidli Doors over which the descendants  
of the old Bijni and Sidli Chieftains were  
held to possess certain proprietary rights,  
were acquired in 1866.

In 1867 the Kuchbehaz Commission  
was formed and the Goalpara Dist.  
including these Doors, was separated  
from Assam and made part of the  
new Commission.

In 1868 the judicial administration of  
Goalpara and the Garo Hill was taken

taken away from the Commissioner of  
-behaz and placed in the hands of the  
Judicial Commission of Assam, but  
the executive control remained as before  
with the Commissioner of Kachbehaz.  
In 1869 the Garo-Hills were formed into  
a separate dist, by Act XXII of 1869 which  
repealed Regulation X of 1822.

In 1874 when Assam was made a  
separate administration, the dist of  
Goalpara with the eastern Dooars was  
retransferred to Assam and with the  
rest of Assam was 'de-regulationised'  
by the Laws Local Extent Act of that year.

In 1905 when the province of Eastern  
Bengal and Assam was formed Goalpara  
became a part of the new province;  
but in 1912 when the partition was  
annulled Goalpara Dist ~~reverted~~ reverted  
to Assam. From this resume it will  
be seen that prior to 1822 Goalpara  
Dist was regarded as a 'Regulation' tract.

From 1822 to 1869 it was a non-Regulation  
tract; from 1869 to 1874 it was again -  
regarded as a Regulation tract; and from  
1874 onwards it became a Schedule -  
tract.

My dear Sarat Babu.

I am in receipt of your kind  
letter for which many thanks.

Greatly shocked to learn from  
newspaper reports today the sad news of  
Satis Babu's death. A noble soul passed  
away and let me share your bereave-  
ment. Kindly convey my sincerest  
condolence to his son Sujin Babu + his  
mother. I shall certainly do all that

will be needful to make the new

is such as common people may afford  
to purchase, I am aware you of

I hope to be excused if I am allowed  
to make a suggestion to you on the occasion. I  
feel that you should offer yourself for election in  
the vacancy caused by the death of your brother. I  
know that you will have no following in the present  
Assembly, but your presence will supply a focus  
and a rallying point for all who want to see  
their province better administered. There should  
be some opposition and some exposure, and  
I along with many others feel that you are the  
fittest person to take up that role. I have had  
my differences with you in the matter of the Bengal  
franchise, and I wished fervently that you might  
be persuaded for the good of the province  
to assume leadership of the movement.

But the present crisis transcends all minor  
differences and demands that all honest people  
should stand on a common platform to prevent

the situation carefully and let me know your reactions.  
Trusting this finds you in good health.

Bombay, the 5. July.

Dear Mr. Sarat Bose.

While you were in Bombay, I had only a short opportunity to speak to you personally.

I had a great desire to see you soon after my arrival in India. But after reaching this Country I gathered that many genuine as well as bogus men had already approached you with all kinds of personal demands, exploiting thereby the name of Netaji. I did not want to be one of these and bother you with additional requests.

As I told you during your stay in Bombay my plan was to publish a brief account of Netaji's Mission to Europe and follow this up by resuming work on his biography. At Netaji's wish I had made ready his biography in German. However the War came to an end, before the book was on sale, of course I could not undertake the work

P. T. O.

7  
141

of writing such a ~~man~~  
guidance and cooperation. My intention was to utilize  
the income over to Calcutta, to contact you and stay  
there at least till an outline of the proposed biography  
was ready. But as I explained to you, my publisher  
let me completely down and forced me to accept  
just any appointment to maintain myself.

I was very pleased to hear from you, that you  
had an intention to organise publications in  
connection with Netaji's life, work and ideals.  
It would look presumptuous on my part to  
claim any right to undertake work of such  
a nature which you said, you wanted to entrust  
Mr. Nambiar. yet your proposal has enlivened my  
original hope of devoting my energies and  
experience to furtherance of the great cause,  
for which your brother so boldly fought.

I shall now try to get myself free from  
the contract obligation with the new Book Co. Ltd.  
and if successful send the manuscript on  
to you. However my task would be much  
easier, if I could find some employment  
in Calcutta, so as to enable me to work  
with patience on the projected biography.

I am employed here in a commercial  
firm, for want of a <sup>more</sup> suitable job, but  
I would be very much pleased, to find  
work as journalist or political secretary.  
I hardly need emphasise that I have  
been trained for both these things by  
your brother, having been his private  
secretary as well as general secretary of  
the Free India Centre in Germany.

From now on I shall be trying too  
from this end, to get an employment  
in Calcutta.

I have thought over a scheme to  
start some kind of "Subhas Book Club".

P. T. O.

However I shall await further instructions from you in respect to foregoing matters, before indulging in details about this project.

Hoping, that Mrs. Bose and you are in good health,

I am very sincerely  
yours

SD- M. R. Vyas.

P.S. I would like to add, that my wife is graduate of Children's gymnastic, and would be only too glad to be able to work in that line. She also wishes me to convey her best regards to your wife and yourself.

O.R. 16483 A note of warning that it was not yet too late for the Bengalees to shake off their present state of sloth and despondency and wake up to their responsibilities was struck by Sri SARAT CHANDRA BOSE speaking at a monthly luncheon meeting of Milanees at the Great Eastern Hotel on 10.7.48. He strongly urged the immediate military training of Bengalee Youths as he thought that in the event of a third Global war neutrality even pre-supposed considerable military strength. He stressed the need for utilizing the services of foreigners, particularly Germans, in this behalf. He also exhorted Bengalees to make a united endeavour to bring all Bengali-speaking areas in Bengal. He hoped that even if Bengal was divided today she would unite and for that matter India would unite at the time of the third world war.

37. Sri Sarat Chandra Bose.

AMRITA BAZAR PATRIKA  
5.7.48

A vehement criticism of the  
Government of India's foreign

policy was made by Sri Sarat Chandra Bose while  
addressing the Progressive Group in Bombay on 3.7.48.  
He observed that no foreign ministry in the world had  
blundered oftener than the External Affairs Ministry  
of the Government of India during the last 10 months of  
of independence. He considered the reference of the  
Kashmir issue to the U.N.O. as a very great blunder  
and felt that he could well see the hand of Lord  
Mountbatten in it. He envisaged a third world war in  
the near future and wanted India to prepare for  
neutrality in that war by strengthening the country  
militarily and industrially. He suggested the format-  
ion of a U.N.S.A. - United Nations of South Asia and  
said a start could be made with India, Pakistan, Ceylon,  
Siam and Nepal. "Whatever our internationalists  
think", S. J. BOSE said "I have no doubt in any mind  
that the next war is coming sooner than most people  
think. Unless we prepare to remain neutral in that  
conflict of Anglo-American powers on the one hand  
and Russia and her allies on the other, we are doomed".

We should try to put everything in running order so that we may take job work from the beginning of next month.

People in the High Court enquired of me yesterday from where they could get information and literature about our party. I have asked them to write to Guinea House.

I shall probably issue a further statement regarding our demand for inclusion of Bengali speaking areas in Bihar on Monday next. The weather here will not permit us to address open air meetings.

I hope this will find all of you in good health. With love and good wishes to you all.

SPECIAL BRANCH DAILY NOTES: 26-6-48.

SUBVERSIVE GROUPS: 26-6-48.

213. Forward Bloc.

23-6-48

It is reported that strenuous efforts are being made to revive the influence of the Bloc in the province. Support is forthcoming from different quarters.

To begin with, the workers are contacting the ex-members now in the Congress, to enlist their support.

SRI SARAT CHANDRA BASU has agreed to lend all possible help in this direction.

At meetings held during the last week in the room of Suresh Chandra Mazumdar in the office of the Ananda Bazar

\*HEMANTA K.R. BASU, Patrika, MAJUMDAR assured  
SUHRID MALLICK CHAUDHURI, the Bloc of his full  
SUNIL DAS ARABINDA BASU support through the  
and others. columns of his paper.

The Bloc has decided to organize its labour front through SRI HEMANTA BASU, S.J. BASU gave out in the meetings that he had succeeded in obtaining the support of the Hon'ble MR. KALIPADA MUKHARJI, Labour Minister, who is eager to oust DR. SURESH BANARJI and for that matter the I.N.T.U.C., which is composed mainly of his followers. S.J. BASU it is reported, was noticed attending the meeting of the Gas workers of Narkeldanga on 19-6-48 to win the labourers from the control of DR. BANARJI'S UNION affiliated to the I.N.T.U.C. (vide para. 210 in this connection).

Incidentally it is reported that DR. BANARJI'S followers are aiming at making the one day strike of the jute workers successful as decided at their meeting on 20-6-48 at the University Institute Hall/that thereby the I.N.T.U.C. might achieve some popularity in Bengal.

Personal

Dear Sir,

Excuse me for addressing you personally without any previous acquaintance with you but as I am one of the thousands that know you, and it is not to be expected that you know all those that know you, I am venturing to take the liberty with you.

I am a B.N. Railway employee in 20 years service, all in Calcutta. My present age is 40. I stood on certain scrapes all my life and even now I have stood against nepotism, favouritism & violation of all existing rules by the administration, and corrupt practices; and in that connection

163

I fell a victim to a European head of a department who was supported by an Anglo-Indian General Manager, even though my stand is correct. I appealed to the Railway Board and the General Manager, to being an Indian how, I expected a deal without a racial prejudice against me, but my reminders do not fetch a reply whilst I am already suffering heavy penalties due to my dismissal and transfer.

Dr. P. C. Roy, Mr. N. R. Sircar & through them Messrs Bhambhani and Ramaduban of the Railway Board were approached. Through the President of the South Indian Congress Committee the Prime Minister, Pandit Nehru was approached, but none seems to care.

If even in an independent India the European can victimize an Indian for a correct stand of the latter and the European gets support from other Europeans as well as Indians in high & independent position, and such Indians feel more for the European culprit than for the faultless Indian. I do not know what for this country has its independence and such independence.

is for enjoyment or for endurance.

High sentiments are being preached and if one follows these he will be let down by the National Government. If these are not followed one can be termed a traitor to his own National Government.

164 I feel I have reached the dead end as I have failed to find means of making any further move except in the Press or in the Court of law. The latter is a time-consuming and money-consuming affair; and a mere wage-earner can not be expected to stand it. Though that would be the nicest way of washing the dirty linen of the administration.

If you feel inclined to help a man whose resources are at an end I would show you the whole case from the details of which one will be convinced of my correct stand.

I should be pleased to interview you if you would fix up a date and time to take the aid of your endless resources and high influence.

Thanking you.

Yours truly,

Calcutta

Dear Sir,  
In reply to the "Congress"  
of East Bengal Minority Rehabilitation

and Citizenship right Committee, Silchar, Cachar. We beg to invite your attention to the unhappy state of things in which the Bengali speaking people, and more particularly the refugees from East Bengal have to live in Assam. You must be well aware that the most primary rights of Citizenship such as preservation of language and culture, are being denied to them. If effective steps are not taken at once these unfortunate people may not be able to exist as Bengalis in the near future. Having been endowed with the honours of the State, the Assamese people are out to improve their language and culture on the non-Assamese, and no amount of toleration may be expected of them; nor is it possible that we should give up our Bengali language and culture which we hold as most dear. Naturally we will oppose all aggressiveness, and the more we will oppose the greater will be the troubles and miseries.

It is however, not very difficult to avoid all such troubles and ensure better political and economic conditions to the Bengalis in Assam, as also to some other non-Assamese people who are not prepared to accept P.T.C.

Assamese language and culture. A glance at the map will show that the State of Manipur, the District of Cachar, the State of Tripura, and the Lushai Hills form a contiguous and compact area full of natural resources and immense possibilities of agricultural and industrial developments. Of this area, Cachar and Tripura State are inhabited by Bengali speaking people; and the people of Manipur and Lushai Hills are non-Assamese, and they have got their distinct language and culture. They were equally aggrieved along with us by the potential dangers from the nascent Assamese aggressivism. Happily enough a large part of this area is so sparsely populated that a few lacs of people may yet be accommodated, provided with sufficient means of livelihood, and without any fear of congestion. A separate province may therefore be formed with this area consistent with the Congress ideal of re-distributing provinces on the basis of language and culture.

P.T.O.

It may not be out of place to mention here that the district of Cachar and that part of Sylhet which has not been transferred to East Bengal, is linguistically and culturally a part of Bengal and on the ground of Congress pledge to re-distribute provinces on the basis of language and culture Cachar formed a part of B. P. C. and is still under the West Bengal Provincial Congress Committee. In view of the aggressive tendencies of the Assamese people which found ugly expression in the recent disturbances at Gauhati we placed our demand for a separate Province comprising the above mentioned areas before Sardar Patel in January 1948 and before the Congress High Command in April 1948.

Now we fervently request that you will earnestly espouse our cause and see that it may find adequate publicity through your statements and public utterances till the

P. T.

The leaders and the people are  
moved to appreciate the justice of  
our demand and our efforts are  
crowned with success.

Yours faithfully,

Excellency's speech in the same strain.

The Amrita Bazar Patrika has received His Excellency's speech with mixed feelings. It devotes to it an editorial under the caption "Tamarind from Delhi". Below is reproduced a portion of the article which refers to the territorial claims of West Bengal Province.

(Rajaji seems to have made the mistake of thinking that the desire for reintegration of Bengal's severed limbs is merely a political demand. Bengal is asked to drop "narrow ideas" and "entertain broad ideals" and wait "until we are safe, sound and strong". Bengal is certain that those Bihar leaders who oppose the reunion of these areas with Bengal have no democratic justification. One would have expected West Bengal's Governor, who claims complete cultural identification with Bengal, to have urged on Bihar, on the contrary, not to hang on to narrow ideas but to implement the Congress objective of creating linguistic provinces in a reasonable spirit and with an all-India outlook. We do not see how his advice to Bengalees not to "worry about the size or number of districts in Bengal" is going to relieve the headache of a people who suffer from the most terrible overcrowding, a continuous process of malnutrition and a constant danger of famine)

CA: 11778-1178  
Sri SARAT CHANDRA BOSE is trying to make Capital out of the speech delivered

by his Excellency. He issued a press statement on 28/5/48 but the English Dailies did not publish the same. This statement has been printed in the form of a pamphlet and is being distributed among the public. The pamphlet is published by Jitendra Nath Ghosh, Secretary of the Propaganda and Publication Bureau of his Socialist Republican Party and his reason for doing so is that none of the Calcutta papers except the Bengali "Bharat" published Sarat Bose's Statement. In this rather lengthy statement Sarat Bose has dissected and analysed the speech of His Excellency. This speech, he states, supports the view that some sort of conspiracy is afoot to deprive West Bengal of those Bengali speaking areas in Bihar which belonged to her until 1911. Sarat Bose has also attempted to show that His Excellency was advocating the cause of Bihar instead of West Bengal. He concludes the pamphlet thus "The speech of His Excellency the Governor of West Bengal at Darjeeling is a challenge to his Cabinet. Will the latter have the courage to take up the Challenge?"

SPECIAL BRANCH DAILY NOTES DATED - 28.5.48.

SOCIALISM & COMMUNISM - 28.5.48.

XC-19 285. B.P.T.U.C.  
27.5.48.

In course of conversation with MALAY BRAHMACHARI, JATIN CHAKRAVARTI, NEPAL BHATTACHARJI, NIKHIL DAS, S. MAJUMDAR and others it was gathered that vigorous attempt is being made by different unions under the control of the T.U.C. to consolidate their respective position. On a reference being made to S.J. BOSE as to whether it was a fact that Government of India had asked the Provincial Government to find out the strength of the T.U.C. in different labour and industrial organisations. S.J. BOSE remarked that though he had no personal knowledge about it, he got the information sometime back and had asked some of his friends in position in Government services to apprise him of the actual situation. But from what he had heard, he could feel that some deep laid plan had been worked out by the Government to cripple down the T.U.C. and the proposed leftist unity front sponsored by it. He asked them all to be on the alert and bring to his notice any attempt to undermine their position. He informed them that very recently he had a talk with Hon'ble Premier, West Bengal over the nefarious activities of the I.N.T.U.C. leaders and workers and received his assurance to the effect that Government would not hesitate to take steps against the miscreants irrespective of their party affiliation. He however warned those present not to place too much reliance on the Premier's assurance as in his opinion no justice and fair deal could be expected from any person or Government whose very frame-work is ~~infected~~ with corruption and dishonesty. Accordingly he asked them to take up courage and carry on with the wish of consolidating their position by ceaseless and intensive propaganda amongst industrial workers, public, and Government employees. He observed that though he did not like at the present moment to delineate in details on the future plan and programme of the T.U.C. in the greater interest of the party and people at large, he could assure them all that he had received tremendous response from all quarters in the matter of fighting out the Party in power under a united front in a very near future. All that was wanted of them at the present moment was to marshal public opinion in their favour and U.C. organise the different essential industrial and labour organisations and workers under their control. In this connection he met Railway, Posts, and Telegraphs, Electric and water workers, leaders on the one hand and the Central and Provincial Government employees leaders and asked them all to get prepared for an all out fight. The response, he observed, was tremendously encouraging. The Press he said had already been influenced, and already leaders and editorials are being written on the popular and burning issue, of the day, and thereby indirectly and slowly instilling communistic ideas amongst the public.

with corruption and dishonesty accordingly he asked them to take up courage and carry on with the wish of consolidating their position by ceaseless

160 39 32

Besides, all the unions had been asked to publish leaflets exposing to the mass the unholy alliance of the Government with the capitalists in exploiting the labourers, and their lack of foresight and plan in tackling the different problems facing the people. In conclusion, he informed those present that in their attempts to work out a united leftist front to purge the country of the undesirable elements, he had been assured of wholehearted help and active support by many leading Congress and Socialist leaders of Bengal. MALAY BRAHMACHARI and others present insisted on SJ.BASU to let them know the names of such leaders and wanted to organise an all party meeting so that public could appreciate their move more thoroughly and reliably. SJ.BASU asked them not to indulge in any overtact at this stage and requested them all to wait, till he returned from Madras. He remarked that all he could foresee, this swing of these Congress and Socialist leaders of name and fame towards their ideal was nothing but a definite signal for the ushering of a new era in Bengal and in India at large.

CPs 13(11)

Glowing tributes were paid to MAHARAJA PROTAPADITYA and the Bengalis were urged to emulate his example at a public meeting (1500) organised by BRAHMACHARI BHOLANATH of the Sunderbans held at the University Institute Hall on 23.5.48 with PROF. MANMATHA NATH BASU and later SHRI SARAT CH. BASU as presidents. SHRI HEMENDRA PROSAD GHOSH pleaded for the inclusion of territories in West Bengal which once belonged to her, and observed that Bengal had never bowed down to oppression and would never do so in future. If necessary she would rise in revolt. Incidentally the speaker observed that the whole of India would bow down to Bengal if SUBHAS CHANDRA returned to India to lead them again.

SHRI SARAT CH. BASU urged the audience to work for the establishment for a sovereign State in Bengal, for real independence, for a united India and a united Bengal. He criticised the press, the Ministry in West Bengal and the Congress in Bengal for being subservient to New Delhi and opined that whatever others might say, India was not going out of the British Commonwealth of Nations and the stage was being set for that.

217. Greater Bengal Movement.

Public attention is gradually getting focussed on the issue of restoration to West Bengal of the Bengali-speaking areas in Bihar. It is likely to assume considerable importance in the near future. In many quarters an organised agitation over this issue is being fanned.

Appropos the recent directive by the Congress President to the Premier of Madras to nominate persons for the Special Commission for allocation of provinces on linguistic basis, the Amrita Bazar Patrika in a leading article on 21.5.48 wishes to know what has happened to the case of West Bengal. SARAT CHANDRA BOSE has issued a lengthy press statement on the same date "deploring the indifference of Congress High Command on this issue and urging the people of West Bengal to conduct the campaign in such a way as their united voice will be heard in New Delhi and will secure prompt recognition of their just and legitimate claim".

DEBATOSH DAS GUPTA has issued a press statement appealing to the youths of West Bengal to "unite at once and to establish the democratic right of the Bengali-speaking people". The convention of President and Secretaries of the district branches of the Bengal Provincial Students' Congress held at Bardwan on 12th and 13th May, inter alia, adopted a resolution of readjustment of provinces on linguistic basis and urged the student community to launch a country-wide campaign for the achievement of the objective. SATIPATI BANARJI, Secretary, West Bengal Provincial Committee, Asansol, has announced a special conference over this issue at Asansol on 22nd and 23rd May under the presidentship of SARAT CHANDRA BOSE. A Greater Bengal Movement Committee has been formed. (Particulars are being collected). They had announced a meeting on 21.5.48 at the Sradhananda Park under the Presidentship of HEMANTA KUMAR BOSE M.L.A., MANORANJAN DATTA, General Secretary, West Bengal Committee of the Bengal Provincial Students' Congress has directed all branches of the Students' Congress in West Bengal to observe May, 26th as the "All Bengal Day" for the inclusion of Manbhum, Singhbhum, Purnea and other contiguous Bengali-speaking areas in West Bengal by holding meetings and demonstrations. The South Calcutta Youths and Students organisations have formed the "Paschim Banga Punaragathan Samity" with its office at 10A- Janak Road. The object of this samity is to launch a movement for readjustment of West Bengal Province on linguistic basis.

On 19.5.48 the Bolshevik Party of India held a \*meeting (150) at the Hazra Park under the presidentship of SUBRATA SEN. Two resolutions were passed demanding (1) inclusion in West Bengal of Bengali-speaking areas of Bihar, Orissa, and Assam and (2) the acceptance of Bengali as one of the state languages. Of the speeches the one made by SUBRATA SEN calls for special mention. He attacked the nationalist dailies of Calcutta for not giving publicity to the "Greater Bengal Movement". Moreover, he said, that "when KALIKUZZAMAN of U.P. left for Karachi, these newspapers called him a coward but

34  
 Demands for the inclusion in West Bengal of Bengali speaking areas of Bihar and appeals to the public to support the S.R.P. in launching an agitation for the purpose, were made by Sri SARAT CHANDRA BOSE at a meeting organised by the party on 15.5.48 at the Hazra Park. About 800 persons attended and Sri SARAT CHANDRA BOSE presided.

Sri SARAT CHANDRA BOSE'S speech can be described as a tirade against Congress High Command as well as a forceful attempt to convince the public of the necessity for launching a mass agitation in order to compel the Congress Government to restore to West Bengal, the Bengali speaking areas of Bihar. In 1912 the Congress adopted a resolution for the reconstitution of the provinces on linguistic basis. The resolution was moved by Sir TEJ BAHADUR SAPRU and supported by Sri PARK-MESWARLAL of Bihar. This was followed by statements by leaders of Bihar advocating the inclusion of Bengali speaking tracts of Bihar in Bengal. Since then this demand has been accepted by the Congress Working Committee in December 1946 and by the Constituent Assembly on 8.12.47. In spite of all, these the Congress has remained silent over this issue. He criticised Sri RAJENDRA PRASAD for having convened a Hindi Conference in Bihar in December 1947 and for having made a speech there to the effect that Bengal demanded the return of the Bengali speaking areas because the Biharis had long neglected to teach Hindi to the people of these areas. This, S.J. BOSE continued, only betray the true mentality of the Congress. He charged Hon. Dr. B.C. ROY and Sri SURENDRA MOHAN GHOSH with "Criminal neglect of duty" for betraying the people of Bengal. It was true that Hon. NIKARENDU DUTTA MAZUMDAR has issued a statement in support of Bengal, but then S.J. BOSE would call it "just an eyewash". The Congress, he said, had at last proposed to appoint a Boundary Commission to decide

this issue but he would request the audience not to accept this move. He explained how the Bihar Government was adding "insult to injury" by issuing a circular to the Government officials of Purnea to collect statistics for the inclusion in Bihar of the district of Maldah. Drawing its attention towards the Congress, he stated that his remarks made on previous occasions to the effect that "acceptance of the June 3rd plan by the Congress dividing India is a triumph for British diplomacy" have proved to be true. The second and latest triumph of British Imperialism has been the appointment of His Excellency Sri C. RAJAGOPALACHARI as successor to Lord MOUNTBATTEN. S. J. BOSE considered this significant because RAJAJI has been in favour of India remaining within the British Commonwealth. Thus an independent sovereign Republic decided upon by the Constituent Assembly would in reality be a mere independent state under the leadership of the Congress and within the British Commonwealth. Hon. PANDIT NEHRU also came in for his share of criticism. He was blamed for not implementing the recommendations of the National Planning Committee and for not carrying into effect the scheme to nationalise key industries. S. J. BOSE felt that ultimately the Congress would even betray the cause of Kashmir. He maintained that British imperialism must be resisted and for this purpose he advocated the formation of a bloc of Asian countries of Asia which will include among other nations, India, Ceylon and Burma.

Major SATYA GUPTA (E.S.P.) and JITENDRA NATH GHOSE, Secretary, Propaganda Bureau of S.R.P., in course of their speeches referred to the partition days of 1905 and narrated the unrivalled sacrifices made by the youths of Bengal. The present day youths should be proud of their heritage and inspired by the same zeal and patriotism, they should launch a movement under the leadership of the S.R.P. in order to compel the Congress Government to include in West Bengal Province, Bengali speaking areas of Bihar and Orissa. Two Bengali printed leaflets were noticed in circulation at the meeting. One is issued by the Bengal Seva Dal of 11 Creek Lane and demands the inclusion of Bengali speaking areas of Bihar in Bengal. The other leaflet is issued by the Nikhil Banga Jana Sanga and is printed at the Novel Press. It advocates "Crusade against the coloured capitalists and reactionary Government" and announces a public meeting on 16.5.48 to consider the position of Bengalis in their own province.

I hail from an educated respectable family of a village in the District of Jessore, East Bengal. At present I am living at Jharis for the last four or five years. My father is a School master. I am writing this to you for some reasons. ~~To read this letter~~

Your valuable time may be wasted by way of reading this letter ~~still~~ but I have a strong belief that you will reply to it after going through the same. My view is this that some of us want to organise ~~here~~ your Socialist Republican Party here.

We believe we will get active sympathy of mine labourers, if we organise here. Moreover some good workers will also join us gradually. In our opinion this is a fit place to form a party. All political parties of this place e.g. Trade Union Congress, Socialist Party, Mine Maydoor Federation, Communist Party, Forward Bloc etc. are, more or less carrying on with their work. Apart from these there are some other parties whose reputations & work are limited in this area. So far it is known to us that labourers are not satisfied with the activities of any of these parties. They (at least 70% of them) want to join such an organisation which will work for the interest of the labourers without any self-interest.

P.T.D.

188

So we believe that we will be successful. At present it is not possible to write through letter and it should not be too. If you write some of us may go to your place and have some discussion with you about this. We could have gone now but we do not venture to go without your permission. Some of us are willing to be members of your Socialist Republican Party immediately. ~~We shall~~ We shall be glad if you send us the rules & regulations of membership or let us know where we can get them. I do not want to waste your time with a long letter. I hope you will accept our prayer and let us know fully with a reply to this. Please excuse me for wasting your time.

The Administrator, Captain Nanjappa happens  
to be servant of M.C.S. Cadre created by the  
most cunning British Imperialist.

Selfless, Sincere and honest service of the  
Indians has never known to them and  
particularly Captain Nanjappa cannot be able  
to stand as a servant of free & independent  
India in the whole of his life in view of  
his vicious habits and mal-practices.

<sup>But an anti-</sup>  
~~Administration~~ like him can best  
serve the only purpose of creating a  
of the people which they want only even  
without any considerations of humanity  
and real good of the people.

The following examples would fully  
support the above remarks.

Before two weeks he ordered on phone  
to make (as per) an order of Rs five  
lacks, (5,00,000) immediately to one  
Mr. Shapurji of Bombay, a big contractor  
who completed only the Plinth work of a  
proposed building of Central Hospital.

The Administrator never came to  
see whether a Completion Certificate and  
an inspection report by the former chief  
engineer of the present Civil Engineer were  
there in the record.

19

93

And what time the Administrator took to complete his profitable transaction? only 100 hours! For 5,00,000/- Raddis! What a lucky chance!

Stretch your imagination to know how much he must have gobbled?

At the most critical time when the State is passing through an ordeal like phase of financial crisis your I.C.S. man (especially selected and deputed for protecting the interests of our State, good and important rule) can so easily play such devil game so meekly.

This is the choice of our Indian Government. This is the type of their best stock!

This is the part of the ideal model of our Congress Government machinery!

A machinery simply to suck the blood of the people! May God bless our Congress Gorts for the careful preservation of such monstrous machinery!

(II)

The Administrator Captain Nanjappa belongs to the Steel Frame of I.C.S.

It was presumed by 20 Crores Indians that with the achievement of independence our Indian Gorts must have been able to infuse in this steel frame deep sense of honesty and non corruptibility.

The blurring dealites are however, grim and heart breaking! Nanjappa has been invested with very wide powers and has been hitherto to any of the Indian Popular Minister

on the whole today! The final powers of the last 7 Popular Ministers are concentrated in him.

Nanjappa who could rise up to the post of an officiating Collector by making only recruitment in the last war for the exponents of India the British himself forms now the whole Cabinet. He himself has become the whole Kolkhat. He is all in all. Our jawan has talgi on quite unable to enjoy. Such tremendously extensive and unique powers!

Neither any Indian Prince is at present master of such unbounded might!

Powerful Nanjappa is all along utilizing this golden boom in his life for accumulating less than a thousand of Rs.

Just after his arrival he made some 9 appointments of gazetted officers by taking big bribes varying between Rs. 1,000 to Rs. 2,000 in each case.

Some of them are young chaps of very little experience and standing.

The whole affair was managed with genuine skill which is exceptionally admirable. Nanjappa being a strong communalist Brahmin has picked up 7 Brahmins out of the above 9.

He ignored the due and most justifiable claims of number of old servants who have put in many years honest and

efficient Service. His partiality and  
 favoritism has produced an insuperable  
 discontent among hundreds of old Govt.  
 servants with the result that terrible indifferent  
 attitude has been created in them.

His imprudent and most selfish  
 conduct of Marjappa is leading to general  
~~other~~ reluctance regarding the Govt. work  
 in the minds of many a Govt. servants  
 and the amount of work resulting therefrom  
 are piling every day!

This peculiar reluctance naturally  
 costs thousands of Rs. which clearly  
 means a recurring heavy loss to the  
 State.

These are the wonderful exploits of  
 Your Specially Selected bur and out.

By his blind and partial policy  
 and unique corruption can the  
 Congress henceforward command the  
 devotion and confidence of the  
 11 lakhs people in the State?

## NEED FOR WIDE AGITATION

# Sj. Sarat Bose's Address At Asansol Conference

ASANSOL, May 22:

Presiding over the West Bengal Provincial Conference of the Socialist Republican Party held to-day under the auspices of West Bengal Provincial Committee, S. Sarat Chandra Bose referred at the outset to the agitation that had already been started in Calcutta for the Bengali-speaking areas of Bihar being included in West Bengal, and stressed the urgency of such agitation being extended to a politically conscious border town like Asansol.

Making a survey of the past and recent history, S. J. Bose said: "Bengal was first cut in twain in the year 1905, and that led to the first nationalist uprising in India, the partition movement of Bengal, the bold and united demand of Bengalees could not however be ignored, and the British imperialist Government had to surrender to public opinion. But behind this surrender imperialist diplomacy revealed itself in a most naked form, when on the 12th December, 1911, Bengal-speaking areas like Manbhum, Singhbhum and the eastern portion of Santhal Parganas and Purnea were included in it."

Mr. De Mello appealed to the United  
 Parsi Cricket Association to utilise the  
 funds they had for the improvement of  
 cricket so that the Parsis may once  
 again have players of the calibre of  
 Col. Mistry—(A. P.)

"Vijaya Merchant will be the captain of the Indian side that will meet the West Indies next cold weather if he is feeling fit," said Mr. A. S. De Mello, President of the Board of Control for Cricket in India, presiding at the private distribution of the United Press Cricketer Association at Green's this evening. "Preparations for selecting the best side possible were already in progress and holding will be the priority qualification. It was succeeded in beating the West Indies, we will have achieved at least a moral victory over England as the West Indies had already beaten the English team that toured their country recently."

INDO-WEST INDIES TESTS

Mr. P. L. Roy, one of the founders of boxing in India, in a press statement to-day criticised the selection of officials in charge of the method of selection of players of the Indian Olympic boxing team.

Mr. Roy says: "Although after six years in the desert, I am now relegated to the position of guardian of Indian boxing, I am astounded to see during a short visit to Calcutta the choice of members who are being sent to England to represent India as the forthcoming Olympic Games. I consider it complete waste of Olympic funds and waste of Government of India's grants to send out a team of boxers, selected as they have been in a most arbitrary and half-hazard fashion. I consider that a re-trial of boxers should be held with officials representing the provinces concerned with Mr. Overseeker, President of the Boxing Association of Ceylon in charge of the Committee, and that not more than three boxers in charge of one official who will act in an honorary capacity with a paid Secretary, are to go to England."—(A.P.)

It is learnt that Aurobinda Bose, during his last visit to Prague in connection with the World Students' Conference in 1947, became the guest of a Czech lady who supplied him three parts of manuscript autobiography of Subhas Ch. Bose; the last part contained his observations regarding the Cripps Mission etc. This lady also gave Aurobinda a writing case of Subhas Chandra Bose along with some other small articles of personal use of him. This lady instructed Aurobinda to publish the first two parts of the autobiography of Subhas Bose and not to publish now the last one which contained matters which would conclusively prove that Subhas Bose had not died in the plane crash in which he was said to have been seriously injured and subsequently died in a Japanese Hospital. It is further learnt that Subhas Bose married this Czech lady during his European visit during the last war and he had got a daughter by name 'Nima' by this lady. It is also said that thirty pounds of food-stuff are sent to this lady every month from Bombay.

At a meeting\* (1500) held on 3.5.48 at the University Institute Hall with SREE SARAT CHANDRA BASU as President speeches\*\* were made demanding the inclusion of the Bengali speaking areas of Bihar and Orissa to West Bengal and emphasising on the necessity of carrying on an intensive propaganda so that the Congress High Command and the Central Government accede to those legitimate demands of Bengal. The speakers were unanimous in criticising the silence of the West Bengal Cabinet and the Bengal Provincial Congress Committee on this issue. It was added that West Bengal was in dire need of those tracts for dealing with the rehabilitation problem effectively. SREE PRASAD GHOSH said that neither DR. PRAFULLA CHANDRA GHOSH nor the Hon'ble DR. B. C. RAY had the time to take up any constructive programme though the Security Bill could be passed during the tenure of the former, and corruption and blackmarketing were at its zenith during the tenure of the other. He was accused DR. P. C. GHOSH for supporting and shielding the Police officers who were charged with murdering SISIR MANDAL. He also opined that the fall of DR. GHOSH'S Ministry was due to his over-zealousness for the inclusion of his followers into the Cabinet including SRI ANNADA PRASAD CHAUBHURI criticising the activities

of the Hon'ble DR. B. C. RAY and charging him with inviting non-Congress elements to join the Ministry, the speaker said that his ministry had proved a total failure to provide the people with food, cloth and other necessities of life. Commenting on the smuggling of clothes from the province to Pakistan, he remarked that either the ministry itself was responsible for the same because of their failure to utilise the Police force or that they were unable and afraid of controlling and punishing the police. He demanded a public enquiry into the supply of steel and cement for the construction of the unnumberable cinema houses in the city and particularly the buildings at Russa Road known as "Ashutosh Nagar" when the East Bengal refugees were not supplied with even a spoonful of cement for building their houses.

CBM

He also remarked that most of the ministers held shares worth lakhs of rupees in different companies which they had received by way of gifts from the capitalist proprietors of those concerns. He also criticised His Excellency C. RAJAGOPALACHARIAR for his alleged anti-Bengali feelings and bias against NETAJI. He remarked that Bengal could never expect any good from such a Governor. DR. INDRA NARAYAN SEN GUPTA also demanded the removal of the present ministry and urged all Bengalees to rally round SREEJUT SARAT CHANDRA BASU to fight out their cause. SREE SATYEN BASU remarked that the present B.P.C.C. was not truly representative of the people of Bengal and that it should be reconstituted. PANDIT ASOKE NATH SASTRI accused the Bengal Ministry and particularly the Premier and the President of the B.P.C.C. with having wasted public money by flying between Calcutta and New Delhi for securing their own selfish ends. SREE SARAT CHANDRA BASU criticised the Central Government and the Congress High Command for their ulterior motive of crippling the high position of Bengal by gradual mutilation of her boundary. He also criticised the Congress President BABU RAJENDRA PRASAD for his anti-Bengali feelings and quoting his presidential speech in the Hindi Sahitya Sammeloni at Patna where he was reported to have asked the Biharees to promote the cause of ~~the~~ Hindi in the Bengali speaking areas of Bihar, he (SREEJUT BASU) remarked that it was scandalous on the part of the "Rastrapati" to have given vent to that kind of provincialism. Referring to the Ministerial tangle in Bengal he said that no constitutional question was raised when the colleagues of DR. P. C. GHOSH had conspired to overthrow him and that it was strange that the same set of people were taking shelter behind the same constitutional question in order to hoodwink the public for the purpose of upholding their own ministerial position. He charged both the GHOSH Government and the RAY Government for the growth and development of ~~the~~ blackmarketing and corruption. He added that Bengal was today ruled by the Birla-Raj instead of the "Kisan-Majdoor Praja Raj" as propagated by MAHATMA GANDHI. He said that the acceptance of the MOUNTBATTEN AWARD, the invitation of the U.N.O. to mediate over the Kashmir issue and the acceptance of the suggestion of LORD MOUNTBATTEN for replacing the words "STATES OF INDIA" by detecting the words "United Sovereign Republic" in the new constitution, meant that India was a tool in the hands of the British Imperialists and that India was going to remain within the British Commonwealth. Referring to the proposal of extending the term of office of the present Governor-General, SREEJUT BASU said that India was running a race with Pakistan for wooing Great Britain. In conclusion he opined that if India and her neighbouring countries wanted to attain freedom and maintain their neutrality in the event of a Third World War, the best course for her would be to form "The United Nations of South Asia" and tell England, America and Russia to keep their hands off Asia. Characterising the Calcutta presses as servile for echoing their ~~the~~ master's voice, he exhorted the people to stand on their own legs for having their demands fulfilled without relying on any of the three viz. the Central Government, the Provincial Government and the B.P.C.C.

27.4.48 At a \*meeting (50) of the general Council held on 26-4-48 at 249, Bowbazar Street with SREE MRINAL KANTI BASU as President, it was decided that a mass meeting would be held on 1-5-48 at 5 p.m. at the Wellington Square in observance of the May Day. It was further given out that the T.U.C. would not issue any mandate on the workers regarding their attendance and that they might attend the meeting according to their own convenience. SREE SARAT CHANDRA BASU was selected as a nominee of the T.U.C. to contest the Howrah Labour seat left vacant by the resignation of SREE SIBNATH BANARJI. If SREEJUT BASU is unwilling, the nomination would go to SREE SATYA PRIYA BANARJI.

## ADVICE TO PRESS

Sj. Sarat Bose Inaugurates  
Hindi Daily "Netaji"

NEW DELHI, Apr. 13.  
Inaugurating the new Hindi daily "Netaji" in New Delhi, this morning Sri Sarat Chandra Bose said at the present moment in India there was an urgent need of an independent press, and hoped that the new paper would be run on the unique ideals of Netaji, namely unity, faith and sacrifice. He also hoped that the paper would leave its impress on Indian Journalism as did the "Forward" and "Liberty" founded by late Deshbandhu Chittaranjan Das.  
Continuing Sri Sarat Bose said, "Journalist in present times have a great part to play. During the British rule they discharged their duties very well and served the cause of the country. But during the last 12 months or so, the Indian press on the whole did not rightly discharge its duties. The press suppressed many reports of public agitation against the partition of Bengal. The time has come for the press to be ashamed of what they did since the Cabinet Mission's visit to the country." He then appealed to the Indian press to call a spade a spade, and try to educate people on right lines.  
The acceptance of the Mountbatten plan by the Indian Government, said Sri Sarat Bose, marked the triumph of British diplomacy; it also marked the failure and bankruptcy of Indian statesmanship. In India to-day they wanted men of action and not talkers and irresponsible internationalists. He feared India was slowly drifting into the Anglo-American bloc. The world was drifting fast towards a Third World War, and India could keep herself aloof from it, is she became a strong military power.  
Lala Sankarlal and Sardar Sardul Singh Cavasree also addressed the gathering expressing the hope that the new paper would spread Netaji's ideals of unity to the masses of India. — (U.P.)

To The Editor, Hindustan Standard, Calcutta  
"Pensioning-off EX-INA Men."

Sir,

Permit me to express my disappointment which must be shared by millions in the country, on the Statement of Government policy in regard to the ex-INA personnel made by the Premier on the 29.3.48.

Besides pensioning-off those entitled thereto, the Govt. have decided to set apart Rs 30 lacs for distribution among the distressed INA men or their families and this amount must needs be considered generous for "a large measure of support was also obtained by them from public funds." With characteristic generosity again, our Government has decided to remove the 'stigma' on those classified as 'black' and 'dismissed' by the British Govt. against whom they fought India's battle of Freedom with their life and blood. The order of "dismissal" is to be substituted by that of "discharge". One is not sure that such order of "dismissal" passed by the British Govt. did

in fact constitute a 'Stigma' on the life and conduct of those gallant fighters for the country's freedom; the material difference will however be that they will no more be debarred from applying for any service under the Government, and every case will be judged on individual merit and suitability.

But they will not be reinstated in the Army, and in spite of the ~~in~~ special pleading it would seem that the reasons are mainly Political. Let us remember that special privilege and consideration continue to be accorded still to those opportunists and renegades who joined in and helped the imperialist war effort, in spite of the Congress inhibition. Only the other day (24.1.48) Dr. Shri Krishna Sinha, the Bihar Premier, declared at a Public meeting that after 1947 August Revolution when there was political lull throughout the country and he feared that the Indian freedom movement had been driven 50 years back, Netaji and his I.N.A. gave life in the dry bones of India and her freedom struggle. And Pundit Nehru himself had done the long-forgotten Advocate's good in defence of Major General Shah Nawaz and his comrades at the Red Fort of Delhi, which was their objective. It is distressing to find Pundit Nehru the Premier declare now that by the reinstatement in the Army of the I.N.A. personnel the unity of the Army, which is so essential might be affected. In the reaction however, the country has lost its 'unity'!
